Sales

Total revenue YTD FY 2024 from rough diamond sales is US\$235.6 million, compared to US\$278.5 million in the first four tenders of FY 2023, excluding Koffiefontein. Year-on-year volume variances were affected by the deferral of certain FY 2023 sale parcels sold as part of Tender 1 of FY 2024.

Mine by mine average prices for the respective periods are set out in the table below:

US\$/carat	Tender 4 FY 2024 Feb-24	Tender 3 FY 2024 Dec-23	YTD FY 2024 Tenders 1-4	YTD FY 2023 Tenders 1-4	FY 2023
Cullinan Mine	98	139	109	154	139
Finsch	101	91	100	121	110
Williamson	220	201	207	280	280

Like-for-like prices

Like-for-like rough diamond prices improved by 4.0% on Tender 3 FY 2024, with higher prices achieved across all size categories, barring the 5 to 10.8ct size range where prices were largely flat compared to the previous tender. Average like-for-like prices were down 9.2% year-to-date compared to the equivalent four tenders of FY 2023.

¹ Like-for-like refers to the change in realised prices between tenders and excludes revenue from all single stones and Exceptional Stones, while normalising for the product mix impact

Product mix

The balance of price movements is attributable to product mix, with both Williamson and Finsch benefiting from an improved product mix compared to the previous tender.
